

Fair with a correct fee

Everyone needs to pay the correct fee for daycare. Köping Municipality are now carrying through an inspection of the fees paid in 2018. The information given to the municipality is compared to the taxed income at Skatteverket.

If an incorrect fee has been paid an adjustment will be made. If the paid fee is too low a retroactive bill will be sent. If the paid fee is too high a payment will be made. Amounts under 600 SEK will not be adjusted.

Fee inspections are carried through with a two-year delay since the information from Skatteverket is not available earlier.

More information and questions

More information can be found on our website: www.koping.se/avgiftskontroll.

If you have questions regarding the fee inspection you can e-mail or telephone us.
